RECITALS

The UEMS and EURORDIS are active in areas relevant to the quality of medical specialist practice in rare and undiagnosed diseases in Europe primarily, but with global holistic availability and to the quality of care for the benefit of patients around the world. The Parties are willing to create a partnership that will promote and facilitate their activities in this area.

The overall goal of collaboration and cooperation is to define joint actions, to achieve the best possible outcomes and to increase visibility of both parties.

The parties seek through this Memorandum of Understanding (“MoU”) to define their partnership, to explore and to develop new opportunities in accordance with their objectives and competence. Through this MoU, the Parties also aim to establish an efficient and transparent communication between them.

THE PARTIES DECLARE THAT

1. SCOPE

This MoU outlines the principles of collaboration between the UEMS and EURORDIS.

2. INTENTION OF THE PARTIES

The Parties acknowledge that this MoU does not, and is not meant to, constitute a legally binding agreement between them. Whenever an activity undertaken by both Parties would require a formal legal framework Parties will conclude a formal, legally binding agreement.

The non-binding relationship between the UEMS and EURORDIS governed by this MoU is that of independent contractors. Nothing contained in this document will be construed as constituting any other relationship between the Parties.

This MoU does not prevent or limit EURORDIS or UEMS to enter agreements with other parties. Both Parties declare that they will not enter agreements that would jeopardize or invalidate this MoU and, whenever reasonable doubt would arise as to whether a new agreement is likely to be in conflict with this MoU, the Parties will communicate and strive to resolve outstanding issues.

3. INTERNAL POLICIES

Subject to the terms of this MoU, the implementation and pursuit of the goals, objectives, conditions and terms of this collaboration will be carried out in accordance with the internal policies and procedures of each Party.

4. SCOPE OF COMPETENCES AND ROLES

a. EURORDIS

EURORDIS seeks to improve the quality of life of people living with rare diseases in Europe through advocacy at the European level, support for research and medicines development, facilitating networking amongst patient groups, raising awareness, and many other actions designed to reduce the impact of rare diseases on the lives of patients and family. EURORDIS maintains its independence as core operational costs are independent from any public and corporate funding.

EURORDIS has over 900 member organisations in 74 countries, representing altogether more than 4000 different diseases. EURORDIS uses its pivotal position to build the capacity of patients and organisations to inform, educate, and raise awareness about rare diseases. EURORDIS believes that the community secures strength in numbers and through acting together in a coordinated way we can move forward solutions.

To achieve this goal, the key activities of EURORDIS include:

- Build a movement and network of patient organisations across Europe and internationally and support the development of alliances and federations
- Empower people living with a rare disease by encouraging them to share information, learn from each other, and join forces
- Lead on capacity building and training of patient advocates, researchers and clinicians on healthcare, research and therapeutic development
- Advocacy on rare diseases policy and legislation (EC, EP, EMA, WHO, UN and UN MSs)

b. UEMS

According to its articles of association, the UEMS objectives are to promote the harmonization of training standards for specialist physicians within the European Union and to promote free movement of specialist doctors within the European Union. The UEMS is independent from medical industry in order to assure unbiased position in areas of medical politics and in accreditation of CME.
